

23rd October 2014

NEW NURSERY CONSTRUCTION WORKS NEXT TERM

Dear Parents and Carers,

As you may know we are building a new 2+ nursery, this will be sited opposite our current nursery by the current playground entrance. Building will begin on Monday 27th October during the half term holidays.

This means that from the 3rd of November to the 24th November:

- **Parents and children will have to use the gates by the football pitch to enter school and exit the school at the start and end of the day. Please stay on the pathway.**
- **Bikes and scooters are left at home unless really needed.**
- **The entrance to the nursery and school office is not affected.**

The new development will involve:

- **Moving the playground entrance so it is next to the Selworthy Rd fence.**
- **Relocating the School side bike sheds**
- **Putting in a new pathway to the new gate and along the Selworthy Road fence line, curving round to meet up with the current path by the sandpit.**
- **Putting in a cedar clad building in place along the line of the playground fence**
- **Building a covered walkway between the current nursery door and new building.**
- **Remodeling the play area in front of reception**
- **Installing a VDU screen visible to the area outside the school entrance.**

If you have any questions or concerns please do not hesitate to contact me.

Yours sincerely

Adam Matthews
Headteacher
