

NEWSLETTER

12th January 2011

All the staff would like to wish you a Happy New Year!

Nativities

Well done to all the children who performed so well in the nativities. The children worked hard for several weeks learning the songs and everyone who came to watch enjoyed the performances.

Year 6 Carol Singing

Year 6 got into a festive mood by braving the awful weather and singing carols outside Asda and Marks and Spencers. It was a great way to entertain the public and also raise money towards the Year 6 residential. They managed to raise £195 – well done to all those who were involved!

Heart, lungs and a whole lot more!

Before Christmas a group of students from Bristol University came in to do a science workshop all about the human body. They brought with them a set of pigs' organs for the children to see how they work. They had a chance to touch the tissues and see all the intricate parts of the heart and how lungs inflate. The children found the experience very interesting and helped them learn about the human body. Thanks to all the students who came in – they made it a really fun session!

Reception Applications

We would like to remind you that the deadline for the 2012 Reception starters is Sunday 15th January 2012. If you need any assistance with the application process, please call into the school and the office staff will be able to assist. Applications can be made either online at www.n-somerset.gov.uk/admissions or with paper application forms which can be collected from the school office.

Parents' Evenings

Parents' evenings will be taking place on Tuesday 31st January and Wednesday 1st February. Full details will be set out in a separate letter.

End of Day Collection

We would like to ask parents to advise the school at the **beginning** of the day if their child is to be collected by someone else. Many thanks for your co-operation.

Parking

We would like to remind you that any vehicles entering the school grounds **MUST** be parked in marked parking bays only. Only cars with disabled permits may use the disabled bays.

A fun, FREE way for families to improve their health and fitness

To kick start a fitter, healthier and happier 2012, Weston-super-Mare children can sign up for a free, fun healthy lifestyle club that starts in February 2012.

Families who attend MEND (Mind, Exercise, Nutrition..... Do It!) will learn how to eat more healthily, read food labels, cook healthy recipes and make their weekly shop healthier and easier. The children also take part in the free fun physical activity sessions of their choice such as indoor climbing, trampolining and swimming. MEND's 10-week healthy living course will take place at Broadoak Mathematics and Computing College and is due to start in February 2012.

If you would like to register for a place on MEND's free healthy lifestyle course, contact Lynn on 01934 427134 or call into the XTND office at school for further details. (Leaflets will also be coming home in school bags this week).
